Shutout for Crimson Nine-Series a Tie-Pittsburg Wins Last Game in Old Park-Athletics Win by Good

The game was surrounded by the many incidents which make these occasions wonderfully interesting as spectacles. Some of the features were particularly striking. The Sheff class of 1906 produced an immense piece of scenery of a jungle sketch, and from it smerged a big clenbart.

scenery of a jungle sketch, and from it emerged a big elephant.

The center of the field was cleared, and then a solitary hunter began banging away at the elephant until the animal fell over. Then the classes swooped down upon it and drew the carcass off the field.

Another class, '94 Sheff, had "Consu, the Great," the gentieman chimpanzee, as its mascot, it being borne on the whrulders of one of the men. The chimpanzee was brought here by Harry P. Disbecker of the class, and it was the chief guest at the class dinner tonight, and will remain with the class for several days. Another class class for several days. Another class had a possum in a tree as its exhibit.

The outcome of the game makes it necessary to play off the tie for the championship at New York on Saturday started.

EIGHTEEN INNING GAME. Coventry and Central Village Show

Feature Baseball. Coventry and Central Village of the Coventry and Central Village of the amateur league on last Saturday at Central Village played the most remarkable baseball game in this section this season, the game going 18 innings before it was won by Coventry, 5 to 4. The string of extra inning games played in this league recently convinces President Racine and Secretary Ramsay that they are wacranted in claiming the patronage of the fans on the score that their teams are putting up the fasteat amateur base.

SUBSTANTIAL GAINS

The Result of Activity in the Indus-

trials and in Specialties.

New York, June 29.—Such expansion

of activity as occurred in today's stock market was traceable to the dealings in the industrial group and in a number of specialties. The growth of activity came from the buying side of the

market and a fair showing of substan-tial gains in prices was the result. Starting amongst the stocks of a dor-

starting amongst the stocks of a dormant and obscure class, the demand spread to the better known industrials, especially metal stocks, and with latest and most pronounced effect in United States Steel. The news in the stock market, such as it was, followed these movements instead of preceding them, and this kept up the impression of the marrow and trulessions; nature of the market. Reading meantime, which was practically the only prominent stock.

but the action of the stock was attributed rather to the effect of profit-taking than to any positive depression
caused by these figures. American Sugar was prompt to respond favorably
to the published reports that the statate of limitations had been found to
operate as a bar to the proposed
oriminal prosecution by the federal suthorities for the acts disclosed in the
Pennsylvania Refining company's litigation. The advance in both classes of
the Sugar stock was followed by American Beet Sugar and then by a large
number of minor industrials. The
metal mining and smelting group was
affected first in the copper and smelting sections. Reports of bettering conditions in the local market owing to
the working down of stocks on hand,

movement. Use was made of the claim that such an improvement in the lead market is a usual precursor of an increase in demand for copper. The copper stocks consequently shared in the sthength. Money markets are so little ruffied by the near approach of the half yearly settlements that the promise of sustained abundance has some stimulating effect on the securities market. The good crop news was of some help to stocks. The large inthence of the notable advance in the Steel stocks did not dissipate entirely the irregular tone of the market. New Haven. Conn., June 29.—Joy is unrestrained at Yale tonight over the great victory of the 'varsity nine in the game with its long time rival, Harvard, the event coming as the crowning feature of a day full of excitement and merry-making for the thousands of Yale men back for commencent and class reunions. The crowd was the largest that ever saw a game here. The game from the Yale viewpoint was full of good playing by its nine, and there were words of praise also for the Cricson, which fought in the later innings with a stubbornness that did not make the thousands of Yale supporters easy of mind until the last Harvard man had been retired.

The final score stood: Yale 4, Harvard 0.

The game was surrounded by the say and sent to center field, where he played a star game. Mitchell was then sent to the slab and pliched the rest of the game. He struck out 15 men and never gave a pass in 16 innings. Only pitched a good game for Coventry. Every man on each team played a fine game, especially Sullivan, 3b, and Brennan ss, and McIntyre 1b. James McLanerty If, Killeher, Cuich and Mitchell did some great hitting and fielding for Central. The Coventry team played a great game, every man contributing a good play. Umplie, Wentworth of Sterling. The Central team went to Rockland, R. I., June 27 and defeated the fast Howard Hill team 6 to 4.

PERHAPS NO FRESHMAN FOURS. Yale Has to Take Out Man for the Freshman Eight.

New London, June 29.—W. A. Meik-leham, who will referee the Yale-Har-vard hoat race, and Captains Howe and Cutler of the crews held a confer-

ence today, making arrangements for Thursday's race. Positions for the race were not chosen.

There is some doubt as to whether or not there will be a race between the freshman fours of the two colleges. Owing to an intury, Smith, who has owing to an injury. Smith, who has been rowing at No. 3 in the Yale freshman eight, was obliged to leave the boat, his place being taken by Kerr, who has been rowing No. 3 in the four cared. There seems to be some doubt as to whether a man can be secured. as to whether a man can be secured Averages 1771-2 to Yale's to take Kerr's place, and if unable to
